Juror Responsibilities Regarding the Internet and Social Media

FAIRNESS TO THE PARTIES IN ALL CASES REQUIRES THAT JURORS:

- Don't research the case online in any way.
- Don't communicate anything about the case via Facebook, Twitter, Instagram or any online messaging service.
- Follow instructions by the judge or other court personnel.
- Immediately report unauthorized use of the internet or social media to the judge or other court personnel.

By following these simple rules, jurors help ensure that all parties receive a fair trial.
