

Treatment Services Solicitation

The United States Probation and Pretrial Services Office in the District of Idaho contracts every three years for competitive and non-competitive bid amounts in the area of drug treatment services, urine collection, mental health services, sexual deviancy treatment, and polygraphs. Our next open contracting cycle will begin approximately June 2022. However, there are certain circumstances under which off-year contracts bid proposals will be accepted.

For additional information, please contact the District Drug and Alcohol Treatment Specialist, Sr. U.S. Probation Officer [Lee Pierantoni](#), in our Coeur d'Alene office.
