

## Gary L. Rainsdon

**Gary L. Rainsdon** was raised on a farm in the Blackfoot, Idaho area. He earned a BBA in Finance from Idaho State University, and an MBA from Northwest Nazarene University. Gary is an Accredited Agricultural Consultant with The American Society of Farm Managers and Rural Appraisers. He worked in agricultural and commercial banking prior to his appointment as a bankruptcy trustee, and now administers cases in Chapter 7, Subchapter V of Chapter 11, and Chapter 12. In addition to his “day job,” he spent much of his working life operating a farming enterprise in the Twin Falls, Idaho area. Gary and his wife Lori are the parents of four grown children, and are perpetually aggravated with them for moving the grandkids too far away.
